Curriculum Overview

Year 1

SPRING 2

PE :

Fundamental skills through agility, balance and co-ordination will be driven in each session of P,E, We will also perform basic skills in travelling, being still in certain posture, finding space and using it safely.

English—Daily phonics will continue through RML . Common exception words will be taught through spelling and recording sentences. We are looking at characters Jack and the Beanstalk , Guided reading will be shared two times a week discussing the domains.

Letter-join will support hand-writing through letter families and letter rhymes.

Numeracy

We will learn counting in 2s,5s and 10s though multiplication and division. Weekly maths tests will support learning which will be shared with parents weekly. We will look at basic place value each week too.

ART/Design Technology

We will be looking at different types moving mechanism with card. We will also look at puppets. This will be through stories and making our own through Design and Technology.

RE - Year 1 will be developing their understanding of Lent and what preparation we can make. We will also focus and reflect in Holy Week together as we prepare to celebrate Easter.

History Our focus will be on Castles. We will share Castles we visited or wish to visit to drive the learning experience. Children will learn new vocabulary to label a castle. We will look at our history through a time line to share the journey from past to present.

Science

Children will be learning about plants and growth. To know what plants need survive. To name different trees in our surroundings.

To compare deciduous trees and evergreen trees. We will then make predictions and do investigations through science experiments.

Computing - Children will look at pictograms and routes of instructions to arrive at a given destination. We will discuss how we gather information and use computing to present results.

Internet Safety will be shared with Year 1.

Message from the teacher: If you could listen to your child read as often as possible, as well as practice their spellings that would really benefit your child's learning. Letter formation is also an area we wish to improve this term. When you are out and about it would be great to recognise odd and even numbers in our surroundings.

Reading—All children were given the Oxford Owl login for Year 1. Please ready daily with your child and update Mrs Evans the book they are reading.
