Year group	<b>Nursery</b>	Week number	14	Date	13/07/2020
------------	----------------	-------------	----	------	------------

Hello Everyone... Mrs. Hill here again!

I hope you are all safe and well. Welcome to this week's Home Learning Project for Nursery.

It is the last week of the Summer Term. I have loved being your teacher this year; at nursery until March and then planning these activities and creating the Blog so you can carry on learning at home. I hope you all have a lovely summer break and I look forward to seeing you in September.

The Nursery Blog will be available over the Summer break, so keep watching the videos and practising your phonics ready for starting Reception in September.

**If you have any questions or would like to send some work/photos of what you have been doing together, please get in touch using the email address below.**
